“

Choosing to study chemistry at Concordia University's Faculty of Arts and Science was a great decision. I enrolled in the co-op program, so in addition to getting a degree in chemistry, I also gained experience in my field and learned how to express my knowledge of chemistry in a professional manner. That gave me a real advantage over other students when I applied to graduate school, and it certainly helped me land my first job.

”

Angelo Filosa

Research Scientist, AstraZeneca

Lester B. Pearson High School, class of '89
Vanier College, class of '91

Concordia University, class of '96

BSc in Analytical Chemistry

Graduate of co-op program

PhD in Chemistry, class of 2001
